

10

reasons to buy an iBoardTouch

1. Robust, scratch resistant touchscreen.
2. Easy to use.
3. No calibration required.
4. Powered by Android (the V Series and Xi Series are Playstore compatible so you can download your favourite apps just like you would on a giant tablet!
5. Connect your own laptop/PC or Mac and get to work with minimum fuss.
6. Option to integrated a Windows PC - an all-in-one seamless solution.
7. Fantastic whiteboarding software that opens SMART and Promethean files with all the layering and animation intact so you can still access all your old resources without paying a subscription fee!
8. Direct access to your files in **Google Drive, Dropbox, Smart Exchange and Promethean** so you can build your content easily.
9. Screen mirroring and file sharing with the other devices in the room.
10. Reliable technology with one of the lowest failure rates in industry.
